Collector and Political Agent,

Respected Sir,

With reference to your letter No 3062 of 30th April 1912, calling on me

- (a) to submit a full statement of my case with a view to a formal recommendation being made on my behalf for the increase of my pay as Divan from Rs 200 to Rs 250 as provided in the Budgets for 1912-1913 and
- (b) to explain clearly the effect of my transfer from Foreign service of the second kind to Foreign service of the first kind on the installation of the Nawab, so far as my position and prospects are concerned,

I beg to submit as follows:-

(2) Under Government Resolution No 4413 of 29th June 1903, Political Department, my services were transferred to the Savanur State as Divan, the pay being fixed at Rs 150 rising to Rs 200 by triennial increment of Rs 25. I have administered the State as Divan for nearly nine years. I am now in receipt of the maximum pay namely Rs 200. As per orders of Government contained in the above Resolution, I have been, all along, paying leave and pension contribution at the rate of 1/6th of my pay, so as to entitle me to a full pension after retirement.

(3) My service which is now service of the second

kind will be service of the first kind when, in the course of the next three or four months, the Nawab will be installed on his Gadi and the State will - cease to be under British Administration. Instead of continuing to pay leave and pension contribution on my present pay Rs 200, I shall have to pay contribution on my assumed pay, Rs150, as a Mamlatdar of the Fifth Grade. This will entail a heavy loss in my pension when I should retire vide Articles 754 and 765 of the Civil Service Regulations, Fifth Edition.

(4) I have neither put in a period of service nor have I reached an age at which I could retire on full pension about the time the Nawab will be installed. I have completed a period of only 25 years net service in January last.

(5) It will thus be seen that after the Nawab's installation my official position would be most precarious. If I continue to serve the State, I shall have to pay leave and pension contribution on Rs 150 and shall thus lose a lot of pension. If I do not continue to serve the State, I shall have to revert to a Mamlat on Rs 150 which would again mean substantial loss both in pay and pension, after serving the State for nine years and after paying leave and pension contribution at the rate of one-sixth of my pay on Rs 200.

(6) It may be noted here that the pay of the post of Divan would have been fixed at a higher scale - than Rs 150-200, if no leave and pension contribution were required to be paid.

(7) In consequence of the development which the system of Administration has, in recent years, - - undergone in its various branches, the responsibilities of the post of Divan have increased. The post of the Divan with its multifarious duties, official and

demiofficial, is much more responsible and delicate than that of the Mamlatdar of a Taluka.

A note is enclosed showing the duties of the Divan performed by him at present and in previous years. I beg respectfully to solicit special attention to it.

(8) I beg to invite reference to correspondence ending with your letter No 4093 of 31st May 1911 forwarding Commissioner S.D's letter No Poll-122 of 24th May 1911, and Government letter No 3329 dated 16th May 1911, Political Department. From this it will be seen that in recommending my hard case to Government, it was considered inequitable that my prospects of earning a full pension should in any way suffer. The Honourable Mr. Gibb, late Commissioner S.D., recommended to Government that an assurance be given to me that pension contribution will be levied on the pay I now <sup>draw</sup> viz Rs 200, after the Nawab's installation and that I was quite fit for a Mamlat. The way out of the difficulty pointed out by Government in reply to the Commissioner's recommendations was that I may be appointed to a - - Mamlat (Rs 200) instead of <sup>an</sup> assurance being given - that pension contribution will be levied on Rs 200.

(9) The way in which I have discharged my duties during the last nine years in my various capacities as a Revenue Officer, Subjudge First Class, District Magistrate, Superintendent of Police, Superintendent of Jails, and Devasthans, District Registrar, President of schools and Dispensary Committees, Vice-president of the Savanur Municipality etc, will be apparent from the enclosed extracts of remarks made in the Administration reports, by the distinguished European Officers under whom I had the honour of - serving.

Since my appointment as Divan numerous ~~improvements~~ improvements

have taken place in the State, in revenue, irrigational, educational, sanitary, Police, Public Works, Municipal and other matters, as will be evidenced from the *Annual* Administration reports.

I have not limited myself to the performance of mere routine work but it has been my constant and earnest endeavour to make or suggest improvements in the Administration and to satisfy the wants of the people in general and the Rayats in particular, as far as possible. The system of Administration has now been practically brought in line with that obtaining in the British territory.

When I took charge of the State in 1902-1903 the annual land revenue was Rs 61866-9-2 and the average of five years income of the state was Rs 99267-12-3. The land revenue and the average of five years income of the state now in 1910-1911 is Rs 62299-2-9 and Rs 128128-5-5 respectively.

(10) I belong to a family which is held in high esteem in this part of the country and which has distinguished itself by rendering loyal service to the British Government during nearly 3/4 ths of a century. My great-grand father was a Divan, my grand-father was a Mamlatdar, my father was a Deputy Collector, and my uncle and brother were Mamlatdars.

The accompanying certificates will bear testimony to the social position of my family and myself and to the nature of the work I have done through-out my service. It will also be observed that I was once recommended to Government for an appointment in the Statutory Civil Service.

(11) In January 1909 a dacoity was committed in my house involving heavy loss of property. The females of my family and myself were grievously assaulted. I narrowly escaped being killed. I have suffered in mind, body and money, when serving the state as Divan.

Whether the unfortunate dacoity was perpetrated by robbers or whether it was instigated by the local - people in consequence of my continued attempt to put down crime which was rife in Savanur, is yet a mystery. At all events, I had to suffer.

(12) I humbly venture to hope that the above detailed statement of my case will disclose special <sup>reasons</sup> and special emergencies for keeping my lien on a Namlat of Rs 200 (being seconded) and for recommending for an increase of pay as Divan of Savanur.

For this act of kindness I shall ever pray.

I beg to remain,

Respected Sir,

Your most obedient servant,
